CORE SKILLS

AI & LLM

Claude · Prompt Engineering · LangChain · RAG · AI Agents · GenAI · Machine Learning

Data & Analytics

Python · SQL · Power BI · Metabase · Looker · Advanced Excel · App Script

Web & Backend

Next.js · React · Flask · TypeScript · REST APIs

Infra & Platforms

Vercel · Neon · Supabase · AWS · GitLab

Growth & Ops

Slack Automations · Sales Ops · CRM · MoEngage · Gupshup

EDUCATION

M.C.A.
CGC — Landran
2024 – 2026 · CGPA 9.08

B.C.A.
Maharaja Agrasen University
2021 – 2024 · CGPA 6.84

CERTIFICATIONS

- **Python Essentials** — CISCO · Apr 2025
- **Data Analysis & Power BI** — Office Masters · Mar 2025
- **AI Developer Internship** — GenAI Tools · Jul 2025

PRODUCT AI — AI AGENTS · CRM · AUTOMATION

MCA graduate and product-minded AI builder, promoted to Assistant Manager — Product AI at Fitelo. I build CRMs from scratch, AI agents and Slack automations that make sales and operations teams faster — owning products end-to-end, from database schema to production deployment.

EXPERIENCE

Assistant Manager — Product AI · Fitelo — Present

Promoted to lead AI products — CRMs, AI agents and automations that drive sales and operational efficiency.

- Built a full **sales CRM from scratch** — lead management, pipelines and workflows tailored to how the sales team sells.
- Designed **AI agents and automations for sales operations** that cut manual work and help increase sales.
- Shipped **Slack automations and AI agents** for different teams — alerts, reports, summaries and task workflows.

Junior Program Manager · Fitelo — Previous

Owned the build of internal products, AI panels and analytics that power day-to-day operations across teams.

- Designed and shipped a **Quality-team CRM** that converts client emails and WhatsApp queries into structured, trackable tickets routed to Relationship Managers for resolution.
- Built **AI panels and internal tools** powered by Claude and careful prompt engineering to automate repetitive, high-volume workflows.
- Integrated **MoEngage, Gupshup WhatsApp templates and Metabase** to connect messaging, data and action, with analytics dashboards for decision-making.

Data Analyst · Nureca Limited — Previous

Automated reporting and internal workflows using Google App Script, Sheets and advanced Excel.

- Developed App Script automations and trackers that streamlined recurring team workflows.
- Modelled and cleaned operational data across Google Sheets and advanced Excel.

KEY PROJECTS

Sales CRM — Built from Scratch — Leads → pipeline → conversion

Custom CRM for the sales team covering lead capture, assignment, pipeline stages, follow-ups and performance tracking.

Next.js · Supabase · Neon · Vercel

Sales-Ops AI Agents & Automations — AI that makes sales teams faster

AI agents handling lead triage, follow-up nudges, lead insights and reporting — reducing manual effort and helping increase sales.

Claude · AI Agents · Prompt Engineering · Automation

Slack Automations & AI Agents — AI agents where teams work

Slack automations and AI agents for different teams — automated alerts, daily reports, summaries and task workflows.

Slack API · Claude · AI Agents · Webhooks

Quality CRM & Ticketing System — Email + WhatsApp → tickets → resolution

A CRM where client queries over email and WhatsApp are captured, de-duplicated and turned into trackable tickets that RMs resolve, with full status history and analytics.

Next.js · Supabase · Gupshup · Vercel · AWS

Analytics & Dashboards Stack — Metabase · Power BI · MoEngage

End-to-end analytics surfacing production data through Metabase and Power BI dashboards with MoEngage campaign tracking — live, decision-ready numbers for teams.

Metabase · Power BI · MoEngage · SQL
